

## Ushers

- We need sociable, friendly people to be the “face” of Wichita Community Theatre, and make sure our first-time patrons come back for more shows.
- Be at the theatre 30-45 minutes before the show starts. Your job will be to assist individual patrons in finding available seating, giving directions to the restrooms and snack bar, and helping older and disabled patrons to their seats.
- You may also be able to answer general WCT history questions like:
  - “What was this building before it was a theater?”
  - “When was WCT founded?”
  - “Are you really all-volunteer based?”
- On sold-out nights, please ensure all available seats are taken. You may need to ask patrons to move inwards to provide additional room on the aisles.
- ADA compliance mandates a minimum aisle width. Ensure that all aisles are not blocked and are wide enough for a wheelchair to pass through.
- Fire code requires us to have at least two exits available for each patron to use. Ensure that all exterior doors are unlocked before the show starts, including the back door in the cast dressing room. After the show, ensure that all exterior doors are relocked.
- In inclement weather, you may need to spread sand for traction or shovel snow. These items are usually located in the janitor closet under the main staircase.
